Subject: [External] Oppose DEQ giving the green light for the Atlantic Coast Pipeline

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

I am writing to urge the state government to require 3 more public hearings along the proposed ACP corridor to address the economic development, health, safety and environmental concerns being raised, as well as claims and information submitted by the Atlantic Coast Pipeline (ACP, LLC) since the close of the original comment period. Approving the pipeline is a backwards move that will further harm our already deteriorating environment. The pipeline will harm some of the most vulnerable residents of our state and ultimately cost the state much more than any alleged benefits ACP proponents are claiming it will bring.

I thank you for your consideration.
Kelly Prelipp
